RE : TESTIMONIAL

Dear Desmond,

We would like to extend our appreciation in making our Dinner & Dance on 15th February 2008 at the Dragon Restaurant such a pleasurable one. All our staffs and invited guests did have an enjoyable and good time.

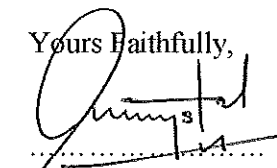

As LBG-NGT Corporation has lapsed in organizing any proper Event for the last 5 years, your professional and constructive opinions / advices proposed to us were versatile and came in informative, and the coordination efforts by yourself and the rest of Des D Mel's crew were commendable.

Despite being in the Construction Industry with all the Construction kind of crowd, we thank you for putting together a wonderful and memorable Event for our Company and especially towards the provision of top-notch support / service to us.

We look forward to work with your goodself & crew members cohesively again in the near future.

Many thanks.

Yours Faithfully,

Crystal Tan
